# PRP PLATELET RICH PLASMA

## BEST SOLUTION FOR HAIR FALL

Stop your hair fall with the latest PRP hair loss therapy. Platelet Rich Plasma (PRP) is an advanced, non-surgical hair regeneration treatment that uses growth factors from your blood to repair and stimulate damaged or miniaturized hair follicles in order to trigger robust hair growth.

Dark Pigment on Face

Dark Circles

Vampire Lift (Anti Wrinkle)

Scars

Hair loss is a huge problem for both male and female causing excessive depression and anxiety. PRP is the latest advancement in the hair treatment with dramatic result on hair fall and regrows hair gradually. It has many other uses in cosmetic surgery such as **facial rejuvenation, dark circles and scars remodeling.**
